

NREA MEMBER SYSTEMS

Nebraska Rural Electric Association
 This map outlines the service territory of the 35 rural electric systems which are members of the Nebraska Rural Electric Association. Together, they serve some 229,212 meters over more than 87,753 miles of line. In total, some 1,014 employees of these rurals serve some 500,000 rural Nebraskans. The individual rurals are run by elected boards of directors on a public-service, non-profit basis.
