

General Manager

Central Montana Electric Power Cooperative

The Board of Directors of Central Montana Electric Power Cooperative headquartered in Great Falls, MT seeks a member focused leader with proven strategic leadership and consensus building expertise, outstanding interpersonal communication skills and strong desire to positively influence and motivate others. Industry leadership and commitment to cooperative values will set you apart from other candidates.

About CMEPC

The Central Montana Electric Power Cooperative (CMEPC) is a non-profit, member-driven organization that represents and advocates for 8 purchasing distribution cooperatives.

Central plays an active role in Basin Electric Power Cooperative, Western Area Power Administration (WAPA), MidWest Electric Consumers, Western States Power Corporation and the Montana Electric Cooperatives' Association along with related organizations, advocating for both the interests of its member electric cooperatives and related organizations to ensure the organizations are strong and work towards long-term, reliable, affordable electricity supply.

If interested please go the CMEPC web page at **cmepc.org** and click on the pull-down menu "About Us" then choose the "CMEPC General Manager Job Posting" for more detailed information and instructions on how to apply.
