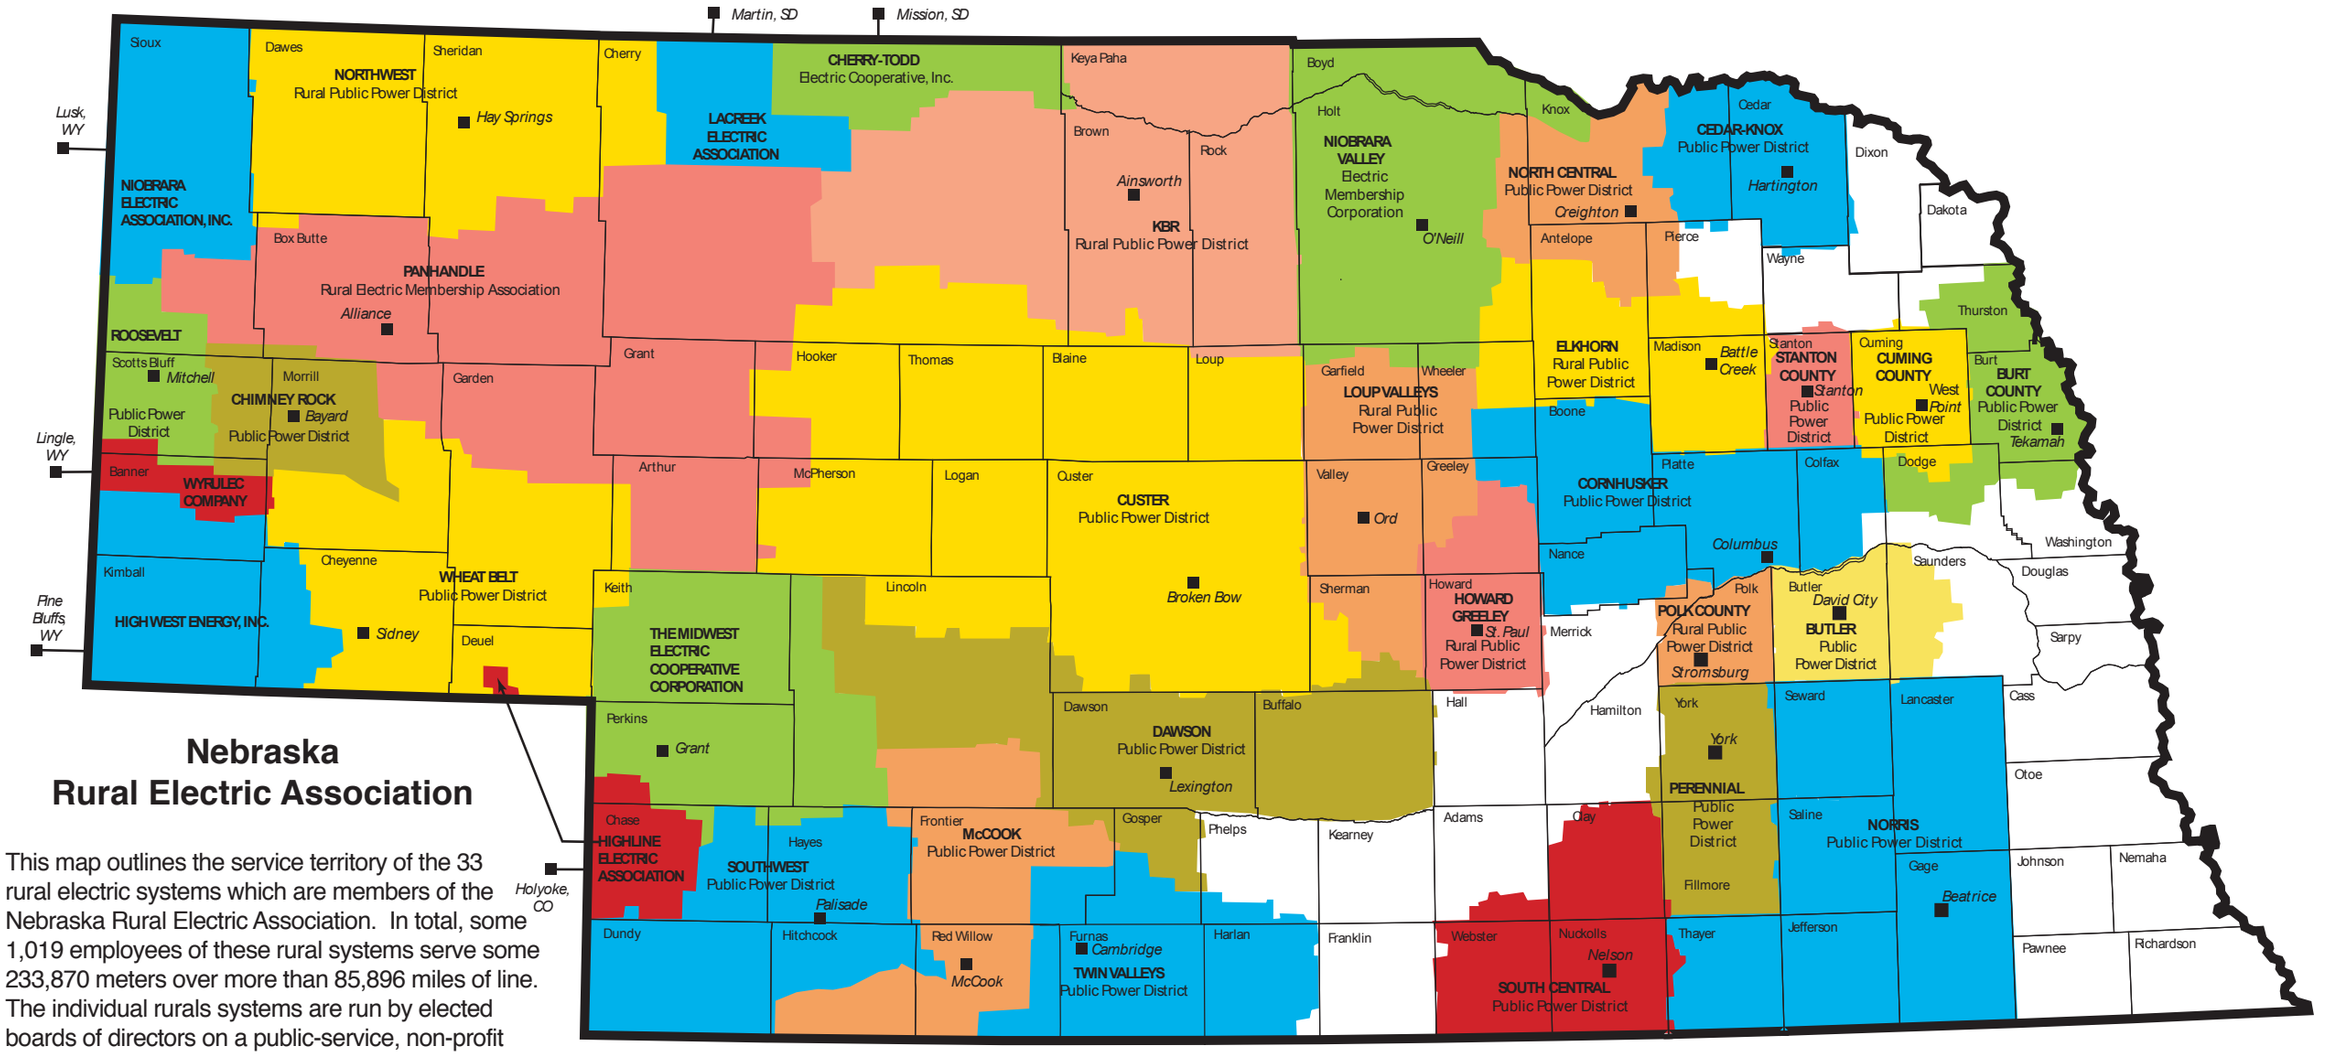
NREA Member Systems



Nebraska Rural Electric Association

This map outlines the service territory of the 33 rural electric systems which are members of the Nebraska Rural Electric Association. In total, some 1,019 employees of these rural systems serve some 233,870 meters over more than 85,896 miles of line. The individual rurals systems are run by elected boards of directors on a public-service, non-profit basis.
